Message from the Chief Executive

I am delighted to congratulate the Hong Kong Social Entrepreneurship Forum on the organisation of its 14th annual Social Enterprise Summit. "Building Blocks of a Regenerative Future" is the theme of this year's Summit, which takes place, for the first time, in a hybrid format.

The four-day Summit is expected to attract more than 4 000 professionals from Hong Kong, the Asia-Pacific region and beyond, eager to explore social entrepreneurship and innovation, while engaging with business leaders, investors, academics, NGOs and the Government. More than 70 speakers from 13 countries and regions are taking part, in sessions ranging from environmental sustainability to the collective impact that regional alliances can offer. Youth entrepreneurship and social start-ups are also in the spotlight. And, for the first time, the Summit features a matchmaking event bringing together social enterprises and potential investors.

There is strong focus, too, on building an inclusive and supportive community. The Summit's community programmes this year have expanded to cover nine Hong Kong districts.

The Government believes in social enterprises and the value they bring to our community and our economy. The Home Affairs Bureau has been a major sponsor of the Summit since it began in 2008. The Enhancing Self-Reliance Through District Partnership Programme has, since its launch in 2006, approved grants of some HK\$360 million for more than 250 social enterprises. And, I am pleased to say, about 80 per cent of the social enterprises remained in operation following completion of their funding period. Thanks to Hong Kong's growing community awareness, and continuing government support, the number of local social enterprises has grown from about 260 in 2008 to some 660 today. Their diversity is equally encouraging, ranging from medical and healthcare services to education and training, environmental protection, arts and culture and more. Rest assured, my Government will continue to support the sustainable development of social enterprises.

My thanks again to the Hong Kong Social Entrepreneurship Forum as well as the more than 20 other civic groups and NGOs involved in the organisation and sponsorship of this inspiring event. I wish everyone an engaging Summit and a rewarding future built on inclusivity and social innovation.

行政長官獻辭

衷心祝賀香港社會創業論壇舉辦第十四屆社企民間高峰會。這項一年一度的盛事今屆首次以實體及網上混合模式舉行，主題為「組合重塑 再生未來」。

為期四天的高峰會將探討社會創業精神及創新方法，並廣邀商界領袖、投資者、學者、非政府機構及政府代表參與其中，預計吸引香港以至亞太區內外逾四千位專業人士參加。有七十多位來自十三個國家及地區的講者亦應邀出席，在不同環節分享卓見，議題包括環境的可持續發展、區域合作的協同效應等。高峰會還聚焦於青年創業和初創社企，今年更首次舉辦配對活動，撮合社企和有意投資者，別具意義。

高峰會的另一焦點是構建共融互助的社會，而今年所辦的社區活動，已擴展至涵蓋香港九個地區。

政府認同社企的理念，並肯定社企為本港社會及經濟帶來的價值。自二零零八年首屆高峰會舉辦以來，民政事務局一直是高峰會的主要贊助機構。此外，二零零六年推出的「伙伴倡自強」社區協作計劃，至今已批出合共約3.6億港元資助予超過250家社企。我欣見在這些社企中，有近八成在資助期滿後仍然運作。隨着公眾對社企的認識日益加深，加上政府的持續支持，本港的社企數目已由二零零八年約260家，增至現時約660家。同樣令人鼓舞的是，這些社企的業務十分多元化，包括醫療護理服務、教育培訓、環境保護、藝術文化等多個範疇。政府定會一如以往，致力推動社企持續發展。

再次感謝香港社會創業論壇，以及其他二十多家民間及非政府機構，參與舉辦和贊助這項富啟發性的盛事。祝願高峰會圓滿成功，參加者收穫豐富，人人得享社會共融和社會創新的成果，迎接更美好的未來。

Message from the Chairperson of Social Innovation and Entrepreneurship Development Fund Task Force

I am pleased to learn that the Social Enterprise Summit takes a hybrid format with both online and on-ground events this year, when the COVID-19 epidemic is stabilising and different trades are resuming operations gradually, and continues to provide the community, businesses, government and academia with an exchange platform that fosters the development of the social innovation ecosystem.

While the epidemic brought society almost to a halt at one time, it prompted us to rethink how our society should advance. While governments around the world are contemplating ways of revitalising economies, we, as social innovators, should be visionary enough, be creative with courage and dedication to dig into the causes of social problems and propose solutions. With the theme of "Building Blocks of a Regenerative Future", the Summit this year is a timely event that brings brilliant minds together for insights into "regenerating" our "post-epidemic" future.

In recent years, we see the emergence of many collaborative platforms that drive social innovation. Social entrepreneurs are taking forward their social innovation projects, many of which are sponsored by private funds or corporations. The social innovation ecosystem is blooming.

As a member of the social innovation ecosystem, the SIE Fund has for years adopted novel ways to contribute to creating social value. For example, we support social entrepreneurs through the unique approach of leveraging the social capital of intermediaries; we launched, through the use of information technology and data analysis, the first all-dimensional collaborative food support platform, FOOD-CO, in Hong Kong; we also kick-started the development of a one-stop Gerontechnology Platform to connect and gather the efforts of stakeholders from different sectors in January this year to address the problem of an ageing population in a more holistic manner; we have also commissioned the first pay-for-success project in Hong Kong. We are pleased that the Fund's performance was well acknowledged by an evaluation study conducted by The University of Hong Kong. Many innovative projects funded by the Fund were featured by media reports. As the Chairperson of the SIE Fund Task Force, I feel privileged to be able to share the honour.

We understand that the success of the SIE Fund is reliant on your support. Therefore, we treasure every opportunity of meeting and exchanging views with people and organisations embracing the same aspiration. I would like to thank the Summit for providing the precious platform on which we can learn from experts in Hong Kong as well as from other parts of the world. On behalf of the SIE Fund, I wish the Social Enterprise Summit another year of success.

社會創新及創業發展基金專責小組主席獻辭

喜見今屆社企民間高峰會在2019冠狀病毒病疫情漸趨平穩和各行業逐步恢復正常運作後能以兼顧線上和線下的混合形式舉行，持續為民、商、官、學各界人士提供交流的平台，推動社會創新生態系統發展。

疫情雖曾令社會幾近停擺，但亦為我們帶來一個反思的機會，思考社會應該如何發展。正當各地政府都在籌劃如何重振經濟時，作為社會創新者，我們應具備創意思維、勇氣和承擔，梳理社會問題並提出解決方案。今年高峰會以「組合重塑 再生未來」為主題，正好切合「後疫情時代」的需要，當可透過集思廣益，為如何「再生未來」提供啟示。

近年，香港出現了不少推動社會創新的協作平台，不少社會創業家推出社創項目，而很多項目都得到私人基金或企業贊助，令社創圈子百花齊放。

作為社創圈子的一分子，社創基金多年來一直以突破常規的方法，為締造社會價值出力。舉例說，我們以獨樹一幟的方法，透過借助協創機構的知識和經驗，支援社會創業家；我們也推出了全港首個結合資訊科技和數據分析的全方位食物援助協作平台FOOD-CO；今年一月，我們又開展了建構一個一站式「樂齡科技平台」的工作，以連繫不同界別的持份者和集結各界力量，更全面地應對老化問題；社創基金更是香港首個以效益為本「按效益付費」(pay for success) 項目的委聘人。很高興社創基金的成效獲香港大學的評估研究全面肯定，而不少由社創基金資助的創新項目亦得到傳媒廣泛報導。作為社創基金專責小組主席，我與有榮焉。

我們明白，社創基金的成績有賴大家支持，因此特別珍惜每次與同路人交流砥礪的機會。感謝社企民間高峰會提供了寶貴的平台，讓我們可以從世界各地及本地專家學者中取經。謹代表社創基金祝願社企民間高峰會今年再次圓滿舉行。

Message from the Chair

Covid-19 has unveiled the fragility behind man's relentless economic drive at the expense of nature and cultures. The severity of climate crisis, dwindling biodiversity, widening inequality and battles over resources have called for a bigger leap beyond current remedial efforts. The vanguard of visionaries has proposed a future based on the concept of REGENERATION, shifting from prosperity to 'thrivability', focusing on planetary and societal wellbeing, from food, health, economy, community to culture, and more. Whilst sustainability is about reducing harm, regeneration is about reversing damage with net-positive impact. It calls for owning social accountability rather than just private interests. Building upon this innovative ideology, there have been maturing theories, tools and pilot projects developed to fulfill other aspects of REGENERATION, with ample application for social innovators.

Being the region's principal forum on social enterprise and social innovation, the 14th Social Enterprise Summit (SES 2021) will be themed "Building Blocks of a Regenerative Future". It will take a hybrid format, with over 70 eminent speakers from the social, governmental, commercial and academic sectors. We are especially thrilled to have Mr Charles Eisenstein keynoting on Day 1. Author to "Sacred Economics", Charles will share how mankind should return from the de-railed 'story of separation' to the 'story of interbeing', and the road to reform our society.

The three tracks on Day 1 and 2 are guided by an overarching, forward-looking direction to a regenerative future. Track 1 - "Co-Creating an Open Knowledge Hub for Ecosystem Development" will cover the why's and how's of shared insights. Track 2 - "Building Alliances for Regional Collective Impact" will bring Asian leaders to work together and explore the 'interbeing' nature of successful social initiatives. Track 3 - "Bridging Purpose with Actions" will cover how resources can be channeled effectively to purpose-led projects. On Day 3 and 4, delegates will be immersed in social innovation visits and workshops which are both fun and educational. In addition, two networking events will be held during the International Symposium, including an NGO Engagement Luncheon and a Dinner to Remember to instigate collaboration in a relaxed setting. There will also be a B Corp workshop to inspire the business sector to contribute socially, and the DBS x SES Social Impact Programme, which aims at grooming the next generation of regional social leaders, to be held in early 2022.

This year's SES Community Programme happened between July to November, expanding to 9 districts, with the addition of Kowloon City, Tai Po and Wan Chai. A multivariate range of activities have taken place, including engaging SE Labs, school talks and tours, a fun-filled SE bazaar and a barrier-free community carnival.

I would like to thank our advisors, sponsors, partners, co-organisers and supporting organisations. All these events would not be possible without their unfailing support. With the mission to serve as the regional knowledge hub, resource exchange and social innovation movement builder, we look forward to collaborating with you for a regenerative future.

主席的話

新冠肺炎清楚地警示世人：人類無止境的經濟擴張帶來了氣候危機，損害生物的多樣性，引發國際間的資源爭奪，擴大了貧富不均。現有可持續措施的果效一直趕不上破壞的速度。於是，「再生未來」的概念應運而生 - 從追求市場繁榮轉向生態繁盛，從食物、健康、經濟、社區到文化等，著眼地球和社會福祉。可持續概念的本質是減少負面傷害，而再生概念則是將消費資源的過程重新策劃直至達到正面的資源增值。所以，再生概念著重的是承擔社會責任而非個人利益。與再生概念有關的理論、工具和試點項目已日趨成熟，予社會創新者充分應用。

作為地區內的主要社企與社創論壇，第十四屆社企民間高峰會 (SES 2021) 將以「組合重塑·再生未來」為命題。高峰會將採取混合模式舉行，邀請到來自民間、政府、商業和學界共七十多位傑出講者參與。在首日，我們很榮幸邀請到《神聖經濟學》的作者 Charles Eisenstein 先生發表主題演講，分享人類社會應該如何從誤入「分離模式」回歸到「相互共生模式」的正軌。

第一天和第二天的研討主題將涵蓋再生未來的先決條件和前期工作。主題一「智慧寶庫 同創共長」會探討共享知識的原因和方法。主題二「聯城動力 協同創效」會匯聚亞洲區的領軍人物探索成功社創運動的「互生」本質。主題三「連結資源 實踐使命」將討論如何引導資源去灌溉目標為本的項目。第三和第四天的社創體驗和工作坊將會教育與趣味並重。此外，國際研討會期間還有兩個在輕鬆氛圍中促進跨界合作的聚會，包括非政府組織交流午餐會及「歌頌昔日，擁抱未來」晚宴。期後還有數個延伸活動，計有在2022年初舉辦的共益企業 (B Corp) 工作坊，及培育未來社企領袖的DBS x SES社會效益計劃等，敬希留意。

今年的社區計劃已於七月至十一月期間舉行，範圍持續擴展至九區，新的區域包括九龍城、大埔和灣仔。活動內容豐富，計有社創實驗室、學校講座、導賞、社企市集、社區嘉年華等。今年的社區嘉年華以無障礙為主題，實踐社會共融。

在此，我衷心感謝所有顧問、贊助機構、合作伙伴、合辦機構和支持機構的支持，讓這些活動得以順利舉行。我們以作為區內知識及資源交流中心和社創運動推動者為使命，誠摯與各界合作，共創再生未來。

About Social Enterprise Summit 關於社企民間高峰會

Social Enterprise Summit (SES) is a series of non-profit events and programmes organised by Hong Kong Social Entrepreneurship Forum, co-organised by Home Affairs Bureau of the HKSAR Government together with over 20 civic groups and NGOs. The International Symposium is an annual event since 2008, attracting an increasing number of visitors each year, from Hong Kong, China, the Asia Pacific region and beyond. Since 2014, an array of community activities has expanded the engagement beyond the conference in Hong Kong. Themed “Building Blocks of a Regenerative Future”, the 14th Social Enterprise Summit invited more than 60 inspiring speakers from social and business sectors, governments, and academia to share with us their insights on a ‘Regenerative Future’ from the view of social entrepreneurs and social innovators in the pursuit of the wellbeing for all human being and the environment.

We were honoured to have Mr James Law, JP, Founder, Chairman, and CEO of Cybertecture Architects and Ms Cora Chu, CEO of Dialogue in the Dark (HK) Foundation, as special guests to have a dialogue around the theme. As a ‘Block Builder’ and ‘Regenerator’, they discussed the ‘Regenerative Future’ in a new era.

After the Launch Ceremony, the first-ever matchmaking event for social enterprises and funders powered by Dialogue in the Dark (HK) Foundation and Social Ventures Hong Kong in partnership with Social Enterprise Summit to foster meaningful exchange in DARK and SILENCE was held. Through an immersive journey, 10 social enterprises and 5 funders experienced facilitated exercises to collaborate, communicate and develop trust – the foundations of making collective impact

Why a Regenerative Future?

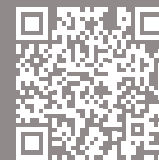

Powerful historical trends are converging on our time. Humanity is exiting the youthful phase of growth and transitioning to maturity, including ecological maturity, demographic maturity, and economic maturity. This requires rethinking all aspects of human activities we took for granted, including business. What does business – and the economy – of a regenerative future look like? We already have a preview – it is to be found in ESG enterprises. The challenge for all sectors is to transit to a system where ESG is no longer the exception, but the new norm.

This presentation will describe exactly what is meant by ecological maturity, demographic maturity, and economic maturity, and explain their linkages and their relationship to regeneration. It will discuss various macroeconomic policies and social policies that can assist this transition, and role that business, government, NGOs, and academia might play. Finally, it will suggest a unifying narrative to bridge different sectors, different generations, and different nations.

為何要創造「再生未來」？

歷史巨輪在我們這個時代開啟新篇章。人類文化正步出活力增長期，步入成熟階段：人口結構、經濟發展、社會與生態系統之間的關係都進入成熟期。際此時刻，我們需要重新思考那些人人視為理所當然的人類活動，尤其是要反思商業模式。在「再生未來」，商業及經濟活動應如何運作？對此，我們已有一套初步想法：企業需要顧及「環境、社會及公司管治」(ESG)。各界都面臨的挑戰是，大家如何將ESG變成日常一部份，ESG不再被視為企業的額外工作，而是必要的新常態。

這個主題演講將會準確解釋生態系統成熟、人口結構成熟和經濟發展成熟的含意，以及這三方面與「再生未來」有何關連。主講嘉賓將討論多個宏觀經濟政策及社會政策如何幫助大家過渡至「再生未來」，而商界、政府、非政府組織及學界在當中有何角色。最後，主講嘉賓將會提出一套綜合論述，將不同界別、不同世代、不同國家連接起來。

With the tripartite collaboration of the public sector, business sector and civic society, many cross-sector social innovative projects have become effective 'bridge-builders' to respond to issues and reconcile differences. People from different sectors join hands to find new solutions to social issues. Hoping to encourage cross-sector partnership, we will share some Hong Kong cases and discuss a few examples in Asian cities in this session.

The Social Innovation Ecosystem Builders – The Role of Intermediaries in East Asian Cities 東亞協創機構 共建社創生態

2021/11/04 (Thursday 星期四) 4:15pm – 5:15pm

S421

The roles of governments, funders, and social innovators are often given much weight in social innovation. However, intermediaries also play an indispensable role in building the social innovation ecosystem. They connect cross-sectoral networks and consolidate interdisciplinary professional knowledge. They build shared standards, common identities, and values with other key stakeholders. In this session, representatives of intermediaries from Seoul, Bangkok, and Hong Kong will share their works and discuss how they liaise with policymakers, funding bodies, social entrepreneurs, and corporate customers to impact the social innovation sector significantly.

在社創發展中，政府、資助機構與社創家的角色往往得到較多重視；然而，協創機構亦擔當著不可或缺的角色。它們不僅連繫跨界別的網絡，整合跨領域的專業知識，更與各持份者一起建構業界的共同標準、身份與價值觀。在此環節，來自首爾、曼谷及香港的協創機構代表將分享他們的工作，探討他們如何周旋於政策制定者、資助機構、社企與企業客戶之間，為社創界帶來最大的社會效益。

Building Trust: The Making of 跨界合作 以信為本

2021/11/04 (Thursday 星期四) 5:30pm – 6:30pm

S421

Now more than ever, "Trust" plays a key role in solving the world's social and environmental challenges – from aligning a common purpose in cross-sector partnerships and practising honest conversations between people from diverse backgrounds, to fostering confidence in our leaders, institutions and communities for long-term change, as well as in renewing a sense of hope in an increasingly unknown future.

Through sharing real-life case studies "in the making of", this session gathers leaders and practitioners across fields to illustrate the learnings and possibilities of cross-sector collaborations between SEs/NGOs, funders and corporates, exploring how collective action and resources can be channelled into purposeful actions for social impact.

為解決目前全球社會及環境的挑戰，「信任」變得至關重要。無論是在跨界合作上建立共同目標，促進不同人士的對話，或是透過加強對領袖、機構和社區的信心以建立長遠改變，以至對不確定的未來延續希望，互信都是關鍵。

在這環節，各界領袖及從業員將透過分享「進行中」的真實個案，講解社企、非政府組織、資助者、商企如何建立跨界別合作，互相學習，開創新路，憑藉共同行動及分享資源帶動社會效益，實踐使命。

The upheaval caused by COVID-19 is all around us. The verse “there is a time to hug, and a time not to hug” has a new meaning during the pandemic. However, we are in this together – and we will get through this together. Themed “Celebrating Our Past, Embracing the Future”, this year’s A Dinner to Remember is a time for us to honour our hard work in the past year and to prepare for the future challenges.

This year is the 25th anniversary of the Hong Kong Women Professionals & Entrepreneurs Association (HKWPEA). The HKWPEA has supported women professionals and executives in achieving their full potential. Let’s celebrate and enjoy a cheerful evening together.

在新冠疫情影響下，各人的生活均遇上不同的挑戰和改變，「散聚」從此在我們的生命中添上新意義。但即使困難重重，我們亦一起走過。今年晚宴的主題為「歌頌昔日，擁抱未來」，希望大家能聚首一堂，慰勞一下自己在過去一年的付出及辛勞，同時亦準備好迎接充滿未知的將來。

適逢今年是香港女工商及專業人員聯會（女工商專業聯會）成立二十五週年，女工商專業聯會自成立以來一直為香港女企業家及專業女性在各方面的發展貢獻良多。就讓我們在這晚宴上一同歡慶並展望將來。

Creating Value with Integrated Thinking - An Exploration on Environmental Sustainability 綜合思維 永續環保

2021/11/05 (Friday 星期五) 9:00am – 10:30am

S421

Integrated thinking is about connecting performance with purpose. It builds on the need to reconcile competitiveness and sustainable growth within the context of inclusive business models in order to take advantage of the opportunities and face the challenges of the market.

This makes it not only broader than today's financial reporting to stakeholders, but also a means to improve organisational performance. We also know all organisations depend on various forms of capital for their success - Financial, Manufactured, Intellectual Human, Social, and Natural.

We will be joined by cross-sector stakeholders to unpack how an integrated values approach can drive sustainable outcomes and how innovation fuelled by integrated - value - creation objectives will help businesses thrive over the next decade.

綜合思維是要將企業表現與社會使命掛鉤，在包容不同價值的商業模式下，公司有需要平衡商業競爭和持續發展因素，從而把握機會，克服市場中的困難。

綜合思維是更闊的概念，營運不應再只是向股東提交亮麗的財務報表，而是要改善機構表現。在達到成功的路上，所有機構都要考慮不同因素，這包括：財務資金、製造供應、理智思考、社會價值與大自然環境。

在這環節，我們邀得跨界別的持份者討論綜合價值模式如何推動永續的社會成果，又如何激發創新，令企業在未來十年繼續蓬勃發展。

Compounding Impact with Shared Visions 共享願景 提振效益

2021/11/05 (Friday 星期五) 1:45pm – 3:15pm

S426

More and more corporates today find themselves responsible for advancing the social and environmental aspects in the communities while enhancing profitability. Through collaboration, corporates and social enterprises can utilise their complementary assets with social enterprises' excellence in creating social innovation and new business models and corporates' effectiveness at delivering at scale. On the other hand, corporates can also make use of their buying power to generate social value above and beyond the value of goods or services through social procurement.

This session will reveal and explore the motivation that drives corporates to collaborate with or purchase from social enterprises and the impact created, inspiring other stakeholders with shared visions to collaborate.

愈來愈多企業明白到在賺取利潤的同時，也需要在社區履行社會及環境責任。社企精於建立嶄新的經營模式，促成社會創新，而商界則有規模優勢。只要通力合作，商企與社企可以取長補短，相輔相成。此外，商企也可以利用其購買力，向社企採購商品及服務，創造更大的社會價值。

本環節將探討商企與社企合作或向社企採購的推動力及成果，藉此啟發其他擁有共同願景的持份者參與協作。

Building Regional Alliances to Address Climate Change and Urban Slum 氣候貧民 跨地互助

2021/11/05 (Friday 星期五) 3:30pm – 5:00pm

S423

According to the Intergovernmental Panel on Climate Change, 80% of the environmental and economic cost due to the climate change would be borne by majority of the developing countries while an increase in 0.5°C would put over 140 million people in the low-income regions at irreversible risk. Local urban challenges on housing, food, education and jobs have never been more important as such climate impact and the global pandemic drives a wave of migration of population from first tier capital cities to second and third tier cities. It takes stakeholders' collective leadership at the city level across the region to take actions and create larger ripples.

This session highlights the common local development gaps of sustainability in its process, benchmarking and practices where leadership can be collectively built and transferred over generations and sectors (public and private) across Global South countries in Asia such as Indonesia, Singapore and Bangladesh.

根據政府間氣候變化專門委員會，氣溫平均上升0.5攝氏度已會為發展中國家超過1.4億的人帶來不可逆轉的居住環境問題，而氣候變化的80%環境及經濟成本亦將由發展中國家承受。為避開疫情及全球氣候惡化，世界各地都出現人口遷移現象，人們從首都圈的一線城市搬到二線或三線城市，為本地社區帶來房屋、糧食、教育和就業上的衝擊，各地城市需要共同應對未來的種種挑戰。為此，跨城市的持份者需要共建領導力，採取行動，克服困難。

本環節將會討論城市可持續發展的過程、標準和實踐上面對的匱缺，發展全球南亞國家（如印尼、新加坡及孟加拉）如何共建領導力，將領導經驗在公私營機構中一代又一代承傳下去。

Achieving Net Zero: Unlocking Private Capital and Mobilising Resources for Success 注入資本調動資源 加快實現淨零排放

2021/11/05 (Friday 星期五)

4:00pm – 5:30pm

S426

The need to tackle climate change is more pressing than ever with extreme weather affecting every region across the globe. Close to 60 countries representing more than half of the world's greenhouse gas emissions have made commitments to achieve carbon neutrality, or net zero emissions within the next few decades. While private investment plays a central role in the global response to achieving net zero targets, the transition of net zero economies requires concerted efforts from governments and civil society. This session will explore how cross-sector collaboration is vital to unlock private capital and mobilise resources to transform pledges into plans to accelerate the success of reaching net zero targets by 2050.

全球各地都受極端天氣影響，應付氣候變化危機變得越來越迫切。佔全球溫室氣體排放總量超過一半的近60個國家已作出承諾，致力在未來幾十年內達到碳中和（即「淨零排放」）目標。為達到「淨零排放」，私人投資、政府與民間社會要同心協力。本環節將會探討如何促成跨界別合作，將私人資本及各界資源由承諾變成可落實的計劃，加快減碳，冀能在2050年達到「淨零排放」目標。

Academic Forum – “Taking the Pulse of ‘Certified B Corporation’: Lessons Learned in the Past Decade (2011-2021)”

把握共益企業認證的脈搏：過去十年(2011-2021)的經驗學習

2021/11/05 (Friday 星期五) 5:15pm – 6:45pm

S421

Certified B Corporation, a voluntary certification for companies to balance purpose and profit, is a new way of organising and a movement to transform the current capitalism as we know it into a transformative, sustainable, and inclusive form of capitalism. Certified B Corporation has gained prominence as an area research among business academics in the past decade. In this Region alone, Certified B Corporations have seen a steady rise with 31 certified organisations in China and Hong Kong, 29 in Taiwan, 15 in South Korea, and 6 in Japan (as of 31 May 2021). However, the rise of Certified B Corporation has left many unanswered questions, including the motivation for companies seeking B Corporation certification, when and how to gain certification, the possible intended and unintended outcomes of having the certification, to the debate on whether B Corporation certification is necessary.

In this Academic Forum, we seek to take the pulse and take stock of what we know and still do not know about Certified B Corporation as a global and local phenomenon, and to chart new agendas and ask new questions that can deepen our understanding of the phenomenon. This Forum serves to bridge scholars, practitioners, policymakers, and the public to consider Certified B Corporation as a new way of thinking about and operationalising the role of business in society.

共益企業認證是一個自願考核的制度，獲得認證的公司需證明自己已平衡商業利益與社會目標。它是一種嶄新的營運方法，亦是一個社會運動，旨在將現今資本主義轉化成具適應力、包容及可持續發展的資本主義制度。過去十年，有關共益企業認證的商管學術研究廣受注意。單在這地區，獲認證共益企業的數目穩步增長，中港有31家、南韓15家、日本6家（至2021年5月31止）。不過，共益企業的興起衍生許多懸而未決的問題，例如什麼推動公司申請認證？怎樣及何時取得認證？獲認證後有何得着？就此爭辯是否需要取得共益企業認證。

這個學術論壇將會把握共益企業認證的脈搏，探討各種已知及未知的共益企業在全球及本地現象，提出新疑問，引發新議題，從而加深認識這現象。這論壇希望聯繫學者、業界人士、政策制定者和公眾，一起討論共益企業認證在社會中的角色及嶄新思維。

The UN's Sustainable Development Goals (SDGs), also known as the Global Goals, are 17 goals and 169 targets set to achieve by the year 2030 to end poverty, protect the planet and ensure prosperity for all as a part of a new sustainable development agenda. Achieving the SDGs requires the partnership of governments, private sector, civil society and citizens alike to make sure we leave a better planet for future generations.

The SDGs are ambitious. Using a game approach, the “2030 SDGs Game” is designed to let players understand these goals are achievable. The workshop invites participants to play the card game so that they can experience how to co-create a sustainable world. Aiming high towards a worthy goal, the Game inspires and motivates players to take action in the real world. And it is fun to play. Come play!

這些目標看似遙不可及。卡片遊戲「2030 SDGs Game」冀以遊戲方式說明這些目標是可達到的。本工作坊邀請參加者齊玩遊戲，體驗如何共建一個可持續發展的世界，充滿樂趣地完成遠大目標，啟發及推動玩家在真實世界中採取實質行動。齊來暢玩吧！

Concluding Session: Beyond Sustainability

社企民間高峰會2021 — 閉幕：超越

2021/11/06 (Saturday 星期六) 2:30pm – 4:30pm

While sustainability focuses on today's development that protects the growing ability of future generations, "regenerative" development prioritizes applying holistic processes to create feedback loops between physical, natural, economic and social capitals that are mutually supportive and contain the capacity to restore equitable, healthy and prosperous relationships among these forms of capital. Creating a "regenerative" future will require every level of society to optimize in ways that facilitate collaboration, evolution and innovation.

It is less than ten years away from the 2030 sustainable development goal targets set by the United Nations. Will the world in ten, twenty or fifty years be better than it is now? It involves the visions of every one of us for the future. The speakers in this concluding session will take "regeneration" as the entry point to review the visions of sustainability in the post-COVID era and look ahead to the future of "regenerative" development.

可持續發展的著眼點在於改變現今發展模式，從而保護世代人在未來都具發展能力；而「再生」發展則旨在建立全方位的綜合方式，在物理、自然、經濟和社會各種資本之間重建互為表裡的循環，發揮相輔相成作用，恢復上述各種資本之間的公平公正、茁壯共榮的關係。要創造一個可「再生」發展的未來，需要社會各界的共同努力，促進合作、進化和創新。

就聯合國所訂於2030年達到的「可持續發展目標」，現在相距已不到十年。但十年、二十年、五十年後的世界，會否比現在更美好？這涉及你我每一個人對未來所抱的願景。「閉幕·超越」以「再生」為切入點，講者將檢視可持續發展的願景在疫後的狀況，並展望「再生」發展的未來。

2022/01/12 9:30am – 12:30pm

Businesses play significant roles in addressing some of our most pressing global challenges. More and more for-profit corporates are enthusiastic about driving business for good. B Corporation Movement offers an objective and holistic B Impact Assessment (BIA) platform to evaluate a company's social and environmental performance with a scoring system. The platform develops Impact Business Models (IBMs) to recognise companies that are designed to create specific positive benefits for all their stakeholders (including shareholders) and achieve double bottom-lines (i.e., Purpose and Profit). IBMs may be based on companies' products/services, particular processes or activities, or business structures. In this workshop, you will learn about the IBMs structure, real case examples, the scoring system, and most of all, be inspired how to develop your company's own IBM. It provides insights into how to do well by doing good.

在解決現今全球的社會及環保問題上，商界是重要的力量。越來越多的牟利商業機構都熱衷於以商為善。B Corp 共益企業運動正提供一個全面又客觀的B影響力評估平台，以一套計分標準去衡量一家公司的社會及環境績效表現。這平台建立了一個影響力業務模式（IBM），用以確認一家公司是否成功為所有持份者（包括股東）創造正面價值並達到雙目標（為善與盈利兼備）。影響力業務模式（IBM）可以建設於公司的產品/服務、特定流程或活動、業務結構中。在這個工作坊，你將會了解IBM結構、真實案例、計分系統，以及如何為公司建立自己的IBM。工作坊將會啟發你更有效率地推動共益的營商事業。

This collaborative pilot scheme is tentatively set to be a 5-day curriculum, engaging more than 15 young social entrepreneurs from across Asia.

The kickoff of this Social Impact programme in 2022 will be followed by a Fellowship programme, which is intended to be executed at a regional level with an inclusion of a wider range of participants and partners. SES and DBS, as impactful drivers for social change, look forward to steering Asia's social innovation and social entrepreneurship movement by enhancing alliances for collective impact and co-curating platforms to nurture young social entrepreneurs in years to come.

推廣跨代共融及傷建共融

華懋集團以「三重基線」構建宜居城市

CHINACHEM GROUP

華懋集團

華懋集團作為本港主要發展商之一，積極為市民締造出宜居環境，集團一直以「三重基線」作綱領，即同時為社會上不同持份者、經濟繁榮以及環境保育帶來正面影響，這與可持續發展理念不謀而合。

華懋集團最近獲得由環保促進會頒發首屆「聯合國可持續發展目標香港成就獎」銀獎和優異表現獎。得獎項目「荃葵青區『關愛長者大使』計劃」和「城市攀登300+」的理念分別是促進跨代共融和傷健共融，這與聯合國可持續發展目標當中的目標3「良好健康與福祉」、目標10「減少不平等」和目標16「和平、正義與強大機構」一致。與此同時，項目不單令長者和傷健人士受惠，參與者如職員和學生義工等都可透過項目了解促進社會共融的重要性，達致以生命影響生命的目標4「優質教育」。

推動社會共融 建設宜居城市

「荃葵青區『關愛長者大使』計劃」由2021年開始，為期3年，與長者安居協會合作，由集團員工帶領年輕人向長者送上電話慰問及進行探訪，了解長者生活近況，宣揚關懷長者文化，獻出關愛。希望透過員工參與義工活動回饋社會，以及為學生舉辦生命教育講座，

藉此推動關愛長者文化，拉近跨代之間的距離，促進跨代共融。預計將近400名華懋集團員工和親友，以及2,520名學生參與，約11,100名荃灣及葵青區的長者受惠。

「城市攀登300+」則由有「包山王」之譽的輪椅攀登者黎志偉，挑戰攀登320米高的荃灣如心廣場，活動成功為香港大學矯形及創傷外科學系「Get Up and Walk」項目共籌得逾770萬港元，當中包括來自公眾及機構超過380萬港元的捐款，以及華懋集團「一比一」的配對捐款，幫助脊髓損傷（SCI）患者復康和研究工作。活動當日的現場直播共錄得13萬人次觀看，更獲多間本地和海外的傳媒報導，成功令更多人關注傷健共融的重要和為社會帶來正能量。

華懋集團執行董事兼行政總裁蔡宏興表示，「提升各年齡層的生活質素，建構一個共融互助的城市，是集團一直以來秉持的信念，

「城市攀登300+」活動成功為香港大學矯形及創傷外科學系「Get Up and Walk」項目共籌得逾770萬港元。

「荃葵青區『關愛長者大使』計劃」由集團員工帶領年輕人向長者送上電話慰問及進行探訪。

很榮幸我們的努力能得到環保促進會和業界的認同。」他續表示，「香港人口老化問題日趨嚴重，獨居長者的身心健康需要社會關注。推行「荃葵青區『關愛長者大使』計劃」的目的，是希望透過長者家訪、電話慰問和為學生舉辦生命教育講座，推廣跨代共融理念和關愛長者文化，締造充滿關愛的社區。另一方面，新冠肺炎疫情打擊香港經濟，令社會氣氛亦受影響，舉辦『城市攀登300+』活動，希望透過輪椅運動員黎志偉的這次壯舉勉勵香港人折而不撓，只要堅持信念，迎難而上，同時可以引起市民關注傷建共融的重要。」

鼓勵更多企業 關注可持續發展

華懋集團一直重視可持續發展，並以構建更宜居城市為目標。除了在建築項目上採用不同房地產科技和以人為本的設計來達致可持續發展，集團亦會與不同機構合作，推出更多可持續發展項目，如支援弱勢社群、應對氣候變化以及支持香港鄉郊文化遺產保育等工作。另一方面，位於如心廣場旁的如心園亦將於2023年重建成香港首個木化石公園，除了採用環保和循環再造物料興建外，更集合了娛樂教育及科技，與自然環境配合，創造一個寓學習於娛樂、適合各年齡層人士探索的新奇趣味展館。蔡宏興表示，「期望藉着今次『聯合國可持續發展目標香港成就獎』，可以鼓勵更多企業關注聯合國可持續發展目標的相關議題。」

香港政策研究所是位居前列的香港主要民間智庫之一，並在2015年至2020年的世界智庫排名榜的「中國、印度、日本、和南韓地區」的智庫排名榜中，連續六年位列首100名之內(Global Go To Think Tank Index Report: The Think Tanks and Civil Societies Program (TTCSP) of the Lauder Institute at the University of Pennsylvania)。

香港政策研究所是在1995年成立的非牟利獨立智庫，創辦人包括葉國華先生(主席)及一群學者、專業人士和行政管理人員，目標為因應1997年中國對香港恢復行使主權，通過公共政策研究為促進一國兩制、港人治港的成功落實作出貢獻。

香港願景計劃是由香港政策研究所副主席及前立法會主席曾鈺成先生倡議，並由香港政策研究所在2016年初展開的一連串研究計劃，以應對香港目前和將會面對的挑戰。

由2016年1月至2021年8月止，香港政策研究所暨香港願景計劃總共發表了37份研究報告，以及舉辦了34項研討會/培訓/教學等活動。

Hong Kong Policy Research Institute (HKPRI) was ranked for six consecutive years in 2015 -2020 among the Top 100 think tanks in the regions of China, India, Japan and South Korea in the Global Go To Think Tank Index Report: The Think Tanks and Civil Societies Program (TTCSP) of the Lauder Institute at the University of Pennsylvania。

HKPRI is a non-profit and independent public policy think tank set up in 1995, upon China's resumption of its execution of sovereignty over Hong Kong in 1997 and with the objective to contribute, through public policy research, to the success of Hong Kong People Governing Hong Kong.

Our mission is to conduct quality research and provide effective recommendations by polling together local, mainland and international minds, and to create social impact by collaborating with stakeholders to form policy communities. By this we hope to contribute to the continued success of "One Country Two Systems" and of The Hong Kong Special Administrative Region (HKSAR) exercising a high degree of autonomy.
